PRIVILEGED AND CONFIDENTIAL – DO NOT RELEASE
(Deliberative, Pre-decisional, Enforcement Sensitive)

Brenda,

I have provided a couple of revisions for your consideration. Also, I had a couple comments (questions) where the text was not clear.

Let me know if you want to discuss.

Subject: Draft Pre-decisional-deliberative process

Please find attached the draft Narrative Summary for the San Mateo Creek Basin site- this is the one-page that goals is to be readable to the public, accompanies OMB and goes out to the congressional- I have struggled trying to make it 1 -page and easily understandable- I need to get this to HQ's no later than Thursday at noon- I am attaching my draft and the blank form that I get from HQ's with the rules. If possible can I have comments by COB Wednesday.

please check for any legal issues-and basic fact check

the geology as to be 8th grade understandable- just check to make sure I didn't say anything wrong

also check to see if it makes sense- I have rewritten many times-

Big thanks
